

## DISTRICT 5330 GOVERNOR VISIT PROTOCOL

When DG Jamie visits your Club, she is interested in meeting as many members and potential members as possible. Please try to make her visit an enjoyable and fun experience for everyone. The format for both the meeting with Club leadership and the general membership is flexible. The goal is to make the meetings as productive and enjoyable as possible.

DG Jamie will want to meet with your Board before your meeting and should include the President, President Elect, President Nominee, Secretary, Treasurer, Avenue of Service Chairs and Assistant Governor.

The club meeting should be in the customary format. The only club program for the day should be the Governor's address and it is requested that 20 minutes be allowed for the Governor to address the club members with time for comments and questions immediately following her program. During the club business/announcements section of the meeting, club members may be recognized by DG Jamie for special service to the club, district, and The Rotary Foundation. Also, Governor Jamie is pleased to be involved in the induction of new club members and awarding Paul Harris Fellowships. She will be reaching out in advance of your meeting to discuss any special presentations or acknowledgements.

Please do not schedule any other program during the day of the Governor's visit as DG Jamie is the program on the Official Club Visit Day. The Governor's husband, Dwight Zinn, may also be visiting the clubs with Governor Jamie.
